2020 Conference Announcement-2nd International Conference on Pharmaceutical Chemistry

Distinguished Professor at Sorbonne University (Campus Pierre et Marie Curie, Jussieu, Paris), E-mail:
hountondjicodjo@sorbon.com

ABOUT CONFERENCE:

It is a great honor to have the opportunity to invite Pharma Chemistry Experts and Researchers, Academicians, Scientists, Industry Professionals, and students and other affiliated individuals to the 2020 2nd International conference on Pharmaceutical Chemistry and Drug Discovery to be held in Dubai, UAE on April 08-09, 2020.

Our commitment to discuss the latest pharmaceutical chemical and drug discovery research and scientific innovations with one another will truly embody this year's theme, Recent Advancements, Innovations and Future Approaches in the fields of Pharmaceutical Chemistry & Drug Discovery Process

By sharing research, participating in forums and collaborating with one another, your work will continue to impact many lives and truly benefit the scientific community.

Announcement:

[Pharmaceutical](#) Chemistry 2020 extended its warm welcome to the theme of: "Transformative Experience on Pharmaceutical Chemistry and Drug Delivery at Pharma Chem Congress 2020". It is a platform for [Pharmaceutical](#) and Chemistry experts and scientific professionals to explore the research challenges & current trends and advanced strategies in the field of Pharma and Chemistry research areas. The theme of "Transformative Experience on [Pharmaceutical](#) Chemistry and Drug Delivery at the Pharma Chem Congress 2020" was extended to [Pharmaceutical](#) Chemistry 2020. It is a forum for experts and science practitioners in [pharmaceutical](#) and chemistry to discuss research issues & current trends and innovative approaches in the area of research in [pharmaceutical](#) and chemistry.

[Pharmaceutical](#) Chemistry focuses on speeding up scientific discoveries in the pharmaceutical and chemistry arena in order to exchange information on their current progress in research. We are pleased to have your presence at the "2nd International Conference on [Pharmaceutical](#) Chemistry" scheduled to take place in Dubai, UAE in April 08-09, 2020. [Pharmaceutical](#) Chemistry is preparing for an exciting and informative event that will provide plenary lectures, workshops on a variety of topics, poster presentations and various sessions for participants from around the world. [Pharmaceutical](#) Chemistry 2020 is a platform that brings together researchers, scientists, professors from around the world to create new contacts for sharing and disseminating innovative thoughts, as well as recent advances in [pharmaceutical](#) chemistry. The Pharma Chem Congress brings together people who are enthusiastic about different [pharmaceutical](#) and chemical fields.

Target audience will include employees from both industrial and academic fields; professors, researchers, business monsters, directors, vice-presidents, co-executives, managing directors, industry officers, doctorates, professors, post-doctoral fellows, consumer product vendors, [pharmaceutical](#) scientists, related students.

[Drug](#) store instruction and street count the difficulties in making medication assembly, solution, and social insurance a more secure, sustainable and moderate framework by strengthening the establishment of [drug](#) store inquiry about stages. These specialists and experts need to understand their aptitudes internally and externally and to set out their long-lasting understanding of how to achieve novel restorative designs. [Pharmaceutical](#) Chemistry 2020 provides a stage for all people from the framework of human services to share their insight and thoughts and trade them. It further emphasizes the value of joint effort and collaboration between policy makers, stakeholders, and regulators from related fields to ensure the structure, use, and observance of a restorative agreement that highlights positive patient outcomes. Despite going to the meeting, we welcome you to meet Dubai, the great and celebrated city in UAE that pulls people from all over the world.

Thanks and Regards,
Leon Bezos

2nd International Conference on Pharmaceutical Chemistry
April 8-9, 2020 | Dubai, United Arab Emirates
