

## 2020 Conference Announcement

ISSN: 0975-7384  
CODEN(USA): JCPRC5

### Euro Pharma Chemistry 2020-European Pharmaceutical Chemistry Congress, Nov 09-10, 2020, London, UK

Department of BT-Convergent Pharmaceutical Engineering, Institute of Biomolecule Reconstruction, Sun Moon University, E-mail: [koirala.biochem@gmail.com](mailto:koirala.biochem@gmail.com)

#### Pharmaceutical Chemistry

Pharmaceutical Chemistry is the study of drug design to optimize pharmaceutical dynamics, and the synthesis of new drug molecules. Pharmaceutical Chemistry is a branch of chemical, biochemical and pharmacological aspects of drugs. This includes synthesis / isolation, classification, structural elucidation, structural alteration, molecular behavior relationship studies, review of chemical characteristics, after drug administration biochemical changes and their pharmacological effects, as well as drug assessment.

In more straightforward words it's broader than medicative chemistry in its application conjointly within the fields of research, identification, as well as, structural elucidation of medication

#### About Conference:

European Pharmaceutical Chemistry Congress is a global overview. It is a pavement for Pharmaceutical and Chemistry experts and scientific professionals to explore the research challenges & current trends and unleash advanced strategies in the arena of Pharma and Chemistry research areas. **Euro Pharma Chemistry 2020** is a specially designed cluster conference and would lay a platform for the interaction among specialists, directors, professors, faculties, experts and research fellows around the world reputed research institutes, companies, agencies, association & societies, and universities. It aims to accelerate the scientific discoveries in the field of Pharma and Chemistry to exchange information on their latest research progress. We are glad to have your presence at '**European Pharmaceutical Chemistry Congress**' scheduled to be held during 09th-10th November 2020 London, UK. The organizing committee is gearing up for an informative event procuring plenary lectures, workshops, symposium, on a several topics, poster presentations and various sessions for participants from all over the world. All the members of the Pharmaceutical Conference-2020 organizing committee look forward to meeting you in London, UK

#### Why you should attend?

- Access to senior-level executives from leading international pharmaceutical & biotechnology corporations
- Exposure to new and exciting companies ready for partnerships and licensing opportunities in
- Tremendous networking opportunities to with biotech and pharmaceutical companies in one place at one time
- Use of state-of-the-art partnering technology
- Targeted partner selections through proprietary screening process
- Get to the centre of why formulation and delivery methods fail.
- Discover however advances within the sector area unit impacting each massive and little molecule medication.
- Explore tried and tested routes to improve bioavailability.
- Understand a way to develop the proper formulation and delivery strategy with a powerful scientific, clinical and industrial approach.

#### Who Should Attend?

- Directors, CEO's of Organizations
- Business Development Managers
- Chief Scientific Officers
- R&D Researchers from Biosimilar and Biologics Industries

- Professors, Associate Professors, Assistant Professors
- PhD Scholars
- Patent Attorneys
- Intellectual Property Attorneys
- Investment Analysts
- Association, Association presidents and professionals
- Drug development and discovery companies
- Formulation and Pharma Manufacturing companies
- Medical technology companies
- Universities and institutes
- Intellectual property and legal organizations
- Investors and financial services providers

## Euro Pharma Chemistry 2020

Nursing Education 2020 aim is to make the Nursing Professionals to acquire the development specialized data in the field of Nursing Care that they are looking for. We will witness our speakers, delegates, youthful research gatherings participating in every one of the sessions and exploit the gigantic progressions in Nursing Care.

Nursing Care 2020 will be a centre goal for the International Nursing Care Research Societies, Associations, and Organizations. This occasion will unite Nurse specialists, Directors, Professors, Students from the scholarly community and analysts in the field of Nursing care, Government authorities and worldwide pioneers to push forward the Nursing Care and Research.

Organizer: Allied Academies

Programme Manager: Alina J. Cathrine

Phone Number: +44 20 3769 1755

The screenshot shows a web browser window with the URL <https://smallseotools.com/plagiarism-checker/>. The page title is "RESULTS". At the top, there are three circular progress indicators: "100% Completed: 100% Checked", "0% Plagiarism", and "100% Unique". Below these are three tabs: "Sentence Wise Result", "Matched Sources", and "Document View". The "Sentence Wise Result" tab is active, showing a list of sentences with a "Unique" label in a green box to the left of each sentence. The sentences are:
